

Pre-Runner & Bull Bars Are Available

Designed to be the ultimate in functionally-stylish front end protection, the TW front winch bumper is engineered to accept the WARN 16.5 winch.

Features:

- Engineered winch mount that accommodates the largest winch on the market.
- 3-piece mounting system to allow a "custom" fit.

Options:

- Light cut-outs and Hella 90mm fog and 60mm turn indicator lights may be included with the bumper!

Materials:

Combination of 1/4" and 3/16" construction. 1" D-Ring mounts.

Finish:

TW textured powder coat finish in black
